JUNE 2026

The Light House
Recovery Center

Director's Desk

VIKKI LUNA

As a mother comforts her child, so
will I comfort you.

Isaiah 66:13

So many of the struggles women face are deeply rooted in generational brokenness and The Light House is passionate about helping mothers heal while nurturing and caring for their children in healthy, life-giving ways. By creating a safe environment where mothers can recover while actively parenting and nursing their children, The Light House is helping to break the destructive cycles and build stronger generations for the future.

A Community That Changes Lives

At The Light House Recovery Program, recovery is never done alone. Every changed life, every restored family and every woman who walks through our doors is impacted by the incredible community standing beside us.

This year, we are especially grateful for our volunteers, numerous financial partners, and supporters. Over 75 faithful individuals who continue to give their time, hearts, and service to support the mission of The Light House. At our annual Banquet, which raised over \$100,000, we had the honor of recognizing our Volunteers of the Year, Krista Beavers and Norm Wiens, for their outstanding dedication and commitment.

Krista has faithfully served for several years, helping to raise funds and coordinate the annual 100 Women Fashion Show, which will take place on October 3 this year. She also provides exceptional bookkeeping support and plays a vital role in maintaining accurate financial records. As the owner of Guardian Accounting, Krista helps manage our monthly finances, ensuring our organization remains financially stable and accountable.

Norm has been a dedicated volunteer for several years, coordinating our annual Golf Tournament, which is scheduled for September 14. His commitment and leadership help make this important fundraising event a success. Without the support of volunteers like Norm, we would not be able to provide the comprehensive services our community relies on. If you are interested in joining Norm or Krista in our mission to offer hope, help and healing, we invite you to learn more about volunteer opportunities by calling our office.

Childcare Center

We are excited to highlight the growth of our Little Lights Childcare Center. Because of this incredible addition, The Light House will now be able to welcome women whose children are living with them — creating opportunities for healing not only for mothers, but for the entire families.

We are deeply thankful to share that the home was purchased free and clear through the generosity of our faithful financial partners and donors. Their support continues to make life-changing recovery possible for women seeking a new beginning

Another tremendous blessing has been the many tradesmen and skilled workers that have come alongside us, generously donating their time, labor and craftsmanship. Their contributions are helping to create safe, beautiful spaces where recovery can flourish. If you would like to join us in our mission, we would be honored to welcome you.

Alumni Gatherings

The Light House Alumni gatherings also continue to play a vital role in long-term recovery. These monthly gatherings create a lasting sense of community, accountability, encouragement and connection for graduates walking out their recovery journey together. Recovery does not end at graduation — and the strength found in continued fellowship is invaluable.

Through shared meals, testimonies, laughter, prayer and honest conversations, Alumni are reminded that they are never alone in the challenges or victories of recovery. These gatherings provide a safe place for graduates to encourage one another, celebrate milestones, navigate setbacks and continue building healthy relationships rooted in faith and purpose.

Many alumni return not only for encouragement but to give it—mentoring current residents, sharing their stories and serving as living examples of hope and transformation. Their lives reflect the lasting impact of God's work through The Light House.

For many women and children, the Alumni community becomes an extended family, reminding them that healing is possible, recovery is ongoing and no one has to walk the journey alone.

Every volunteer, donor, tradesman, alumni member and supporter is part of the story God is writing through The Light House. Lives are being restored because a community chooses to show up.

As The Light House continues to grow, we invite others to partner with us in this mission. Whether through becoming a para partner, volunteering your time or giving financially, every contribution helps bring hope, help and healing to women and families in need. Together, we are building a community where lives can truly be transformed.

You can help build brighter futures

Scan the QR code to play part in transforming the lives of the women in our community. Every contribution brings us closer to providing resources for them to flourish.
